Servite Baseball Brings Easter to the Boys and Girls Club of Anaheim

The team worked with four other groups to assemble and distribute 170 Easter Baskets and filled more than 700 Easter Eggs.

The Servite Baseball team helped to organize a spring service project to assist the Boys and Girls Club of Anaheim's Motel Kids Outreach Program. With the help of Nohl Canyon Elementary School, St. Jeanne de Lestonnac School, the **Greater Orange Service League** and the Rosary Dance team, the team was able to assemble and distribute over 170 Easter baskets to the kids in the Motel Outreach Program. In addition, they helped fill over 700 Easter eggs for an Easter egg Hunt.

Motel Kids Outreach Program specifically addresses the at-risk population of homeless children living in motels for shelter. There are an estimated 2,000 homeless children living in one of the 75 "residential motels" in the City of Anaheim alone. Congratulations to the team for a job well done
